## WHY SKILL-BASED TRAINING IS REQUIRED?

### Benefit for Job Seekers

- ★ The term 'training' refers to acquiring knowledge, skills and competencies as the result of teaching theory and practical skills that relate to a specific job role.
- ★ In today's competitive scenario of business goals and current regulatory requirements, industries are recruiting only skilled and trained candidates.

### Benefit for Pharma Manufacturers

- ★ If companies recruit trained candidates from Pharma Patashala, they can employ them into job roles right from day one with minimal training. This saves time and money for the organization.
- ★ By recruiting skilled candidates, organizations can avoid non-compliance, incident and repeating the same work again.

## DESIGN OF THE TRAINING PROGRAMS

The curriculum for training programs complies with the LSSSDC syllabus which is designed by pharma industry experts.

Process: Students screening – Selection – Training – Mock Interviews – Evaluation – LSSSDC Certification – Placement

## TRAINING BY VR & AR (Virtual Reality) & (Agumented Reality) SIMULATION TECHNOLOGY

Features		Advantages
Real Like Experience		Easy Visualization
